

DIXON EVENING TELEGRAPH.

OFFICIAL PAPER OF THE CITY OF DIXON BY ACT OF CITY COUNCIL

OFFICIAL PAPER OF LEE COUNTY BY ACT OF SUPERVISORS

Telegraph Sixty-Second Year

DIXON, ILLINOIS WEDNESDAY MAY 21 1913

Dixon Daily Telegraph Thirtieth Year No 121

RAIN CAUSED DAMAGED TO THE TELEPHONES

TERRIFIC WIND AND RAIN STORM VISITED THIS VICINITY YESTERDAY.

NEAR CYCLONE AT WOOSUNG

Outlook at 6 o'clock Last Evening Was Ominous—Rain Descended in Torrents and Inundated Roads.

Lee county and in fact all of this part of the state was swept with several bad rain and electrical storms yesterday, the most terrific striking Dixon at about 6 p. m. The down-pour at that time amounted to a near-cloudburst and the hard gale of wind together with almost pitchy darkness at a time when it should have been broad daylight, filled many of the timorous ones with fear.

Earlier in the day the southern portion of this county was drenched with a down-pour of rain that left the roads inundated in many places. This condition was reported particularly in May township, where some of the roads were under several inches of water.

Trouble in Franklin.

In Franklin Grove the rain created havoc at the central office of the telephone company. The hard wind from the east drove the rain through the windows and the water got into the electrical part of the plant and grounded the entire system and during the entire night and most of today the town of Franklin Grove was without phone service locally.

Telephone companies throughout this section suffered in a greater or lesser degree and many of the long distance lines are out of commission.

Woosung Has Cyclone.

Woosung, Ill., and the country between Dixon and Polo suffered greatly from the storm, the wind causing much damage to houses, barns, etc. Buildings were blown down on the Wm. Callahan place and also on the Ralph Hendricks property. Many trees about Woosung were blown down and smaller buildings through that section were overturned.

RAINS BENEFICIAL FOR CORN PLANTING

The recent rains have been very beneficial to the growing crops, especially to oats and grass. The country was never in a more prosperous condition for a flawless crop than at the present time. Farm lands are like gardens. A large amount of corn has been planted. With favorable weather conditions the corn will be in the ground within a few days.

Fruit trees are in bloom and fruit is forming and the promise for a very large crop was never better at this season of the year.

STRONG SALOON REGULATIONS IN IOWA

Recent legislation in Iowa provides that after July 4th of this year saloons in Iowa will not be permitted to open their doors before 7 a. m. nor keep open longer than 9 p. m. The original bill called for the open hours for all saloons to be from 7 a. m. to 7 p. m., but an amendment was made fixing the closing hour at 9 p. m.

BURLINGTON WILL USE THIN TICKETS

The passenger fare tickets of the Burlington railroad are to be made thinner, and the thinnest stock of paper will be used, so that the offices of the Burlington railroad will not be so crowded.

HARMON GRADUATION AGAIN POSTPONED

The graduation of the Harmon schools has again been postponed because of contagious diseases in the village, and therefore will not be held tomorrow evening. Instead the commencement will take place at a future date, which will be announced later.

Miss Nonie Rosbrook has recovered from her recent illness.

BULLETIN

SIX DEAD IN WRECK.
Huntington, W. Va., May 21—Special to Telegraph—Six persons were killed and many seriously injured when a mixed train on the Chesapeake & Ohio was swept 300 feet down a mountain side by a landslide.

SANDERS WALKER WILL DIE.
Macon, Ga., May 21—Special to Telegraph—Sanders Walker, the banker who took poison by mistake for headache powders and whose recovery was thought possible, has been given up by his physicians. The poison has invaded his entire system.

NINE MEN DROWN.
Cordova, Alaska, May 21—Special to Telegraph—Nine men lost their lives by drowning when a storm upset a pile driver and barge near here.

ARMY OFFICER ARRESTED.
Houston, Tex., May 21—Special to Telegraph—Lieut. J. L. Weir of the U. S. army, and his wife were arrested here today on charges of theft.

ARE WAITING TO HEAR ABOUT LIGHT

COMMISSIONERS HOLD UP APPROPRIATION ORDINANCE FOR REPORT.

The commissioners have been delaying action on the appropriation ordinance, which must be filed within a few weeks, in order to ascertain what action the merchants will take in regard to the ornamental street lights. It is understood that the solicitors have been greatly encouraged and that indications point to their success in obtaining enough money to retain the lights and install two additional blocks, in which case the council will be asked to light them.

J. W. WATTS WILL OPEN LAW SCHOOL

DEAN OF DIXON COLLEGE PLANS FOR AN INCORPORATED INSTITUTION.

James W. Watts, who is recognized as one of the most efficient legal instructors in the state, is planning the organization of a law school in Dixon, and with Martin J. Gannon, Jr., John Buckley, James Kelley and Charles Creighton will incorporate the school and establish it in some central building in the city. For many years Mr. Watts has been dean of the Dixon College Law department and there is no doubt he would succeed if he established a school of his own.

TO PUBLISH MUSIC.

Prof. Strong went to Chicago yesterday to arrange for the publication of a piece of music of which he is the author, and which will be named after this city. The production of the Dixon man is an excellent one, and will be an advertisement to our city.

REAL ESTATE TRANSFER.

Laura G. Johnson et al to Mary Bill \$605, lot 6 Chaplin, 8 1/2 nw 1/4 sec 1 China.

K. B. Aid Society with Mrs. Frank Leach of the Bend.
Thursday.
Musical, St. James Church.
Sunshine Class with Mrs. Jas. Seybert, Peoria Ave.
Friday
Hard Times Social at Eldena.

FEDERATION HAD SUCCESSFUL DAY

THE SESSIONS TUESDAY EVENING AND TODAY FILLED WITH INTEREST.

MEET NEXT IN STERLING

Federation of Women's Clubs Accepts Sterling's Invitation to Meet There Next Year—Elect Officers.

Late yesterday afternoon at the convention of Women's clubs, Mrs. George Steele read Mrs. P. G. Lord's paper on "English Sculptors," which was much enjoyed and then the delegates were treated to a boat ride to Lowell park. On their return supper was served at the Methodist church.

The Tuesday evening session proved equally as interesting as that of this afternoon.

The trio of piano, organ and violin in the beautiful selection "Cavatina" by Raff, played by Mrs. Stephan, Miss Strong and Mr. Stoddard, was given with much expression by these accomplished musicians. Miss Hitchcock favored with a vocal solo which was beautifully given and loudly applauded.

The address, "The Necessity of Play as a Means of Growth," by Miss Neva L. Boyd of Chicago, was of interest, dealing with a subject being discussed freely at present in all civic organizations.

Mrs. Stephan, Miss Strong and Mr. Stoddard again favored with a musical selection and the meeting adjourned for the evening.

Wednesday A. M.

Wednesday morning the session was called to order at 9 o'clock and immediately Miss Strong gave a piano selection which was so much enjoyed that she was forced to respond to an encore. Rev. F. D. Stone then gave the invocation. A group of Irish folk songs was expressively given by Mrs. J. Egler in her beautiful, strong voice, with Miss Strong accompanying her at the piano.

Reports of the delegates from the different clubs were then given, all of them interesting and some exceedingly so.

Mrs. Z. W. Moss, representing the Philian Art club of Dixon, in her report as a delegate of the club gave one of the most interesting and concise talks given, and was loudly applauded.

An invitation was extended from the Sterling clubs to hold the Federation in that city next year, and the invitation was accepted.

Here an interesting discussion occurred. Mrs. Bentley, Freeport, state vice president of the Federated clubs was present and made an earnest address, in which she pleaded with the Federation of the 13th district to re-enter the fold of the state and again be affiliated with the state organization and reap the benefits accruing therefrom. Thereupon a warm discussion ensued and the proposition was discussed pro and con and finally a motion was made and carried that the Federation re-enter the state organization, but was left hanging fire until the appearance of Mrs. Minnie Starr Granger of Belvidere, who was to address the meeting this afternoon and who could explain the different aspects of the proposition so it would be plain to all.

The election of officers then followed, resulting:

OFFICERS FOR 1913.

President—Mrs. J. A. Clark, Freeport.
Vice President at Large—Mrs. Chas. Bent, Morrison.
Corresponding Secretary—Mrs. Frederick Wagner, Freeport.
Recording Secretary—Mrs. A. G. Burnham, Dixon.
Treasurer—Mrs. F. Doty, Amboy.
County Vice Presidents.
Stephenson—Mrs. H. W. Rowley, Freeport.
Lee—Mrs. F. E. Gates, Pawpaw.
Ogle—Mrs. J. M. Heald, Byron.
Whiteside—Mrs. J. Goffray, Orléans.
Falls.
Carroll.
Jo Daviess.

PAINTERS' UNION

The Painters' Union will hold a regular meeting and smoker in Miller's hall this evening. All members should attend.

MISSIONARY SOCIETY IS IN CONVENTION

20TH ANNUAL CONVENTION OF MISSIONARY SOCIETIES OF EVANGELICAL CHURCHES.

UNUSUALLY FINE MEETINGS

Program is Delightful and Many Delegates Are Greatly Enjoying Their Visit Here.

The 20th annual convention of the Women's Home and Foreign Missionary societies of the Evangelical churches was convened at Grace Evangelical church last evening, when 51 delegates registered. Following the devotional exercises, lead by Miss Mary Hey of Sterling, Mrs. Webster of the Dixon auxiliary delivered the address of welcome, to which Miss Emma Seelig of Deerfield responded. Mrs. I. R. Rehm sang "Thy Will Be Done" very pleasingly and Mrs. C. G. Unangst, president of the association, gave her annual message. Miss Rilla Webster delighted her audience with the rendition of "Living Sacrifice," while the duet by Misses Deeter and Graves was also happily received. A social hour, during which refreshments were served, completed the first session.

Wednesday A. M.

The morning session today was opened with communion, in charge of Presiding Elder J. G. Finkbeiner, after which the annual reports of the officials were submitted. The treasurer's report showed receipts to the amount of \$3544.08 and disbursements, \$3052, the balance on hand being \$491.19. The secretary's report showed 50 societies in the association, with a membership of 1069. This afternoon's session was devoted to the young people's societies. Mrs. Josie McClain, acting superintendent, submitted her annual report and Miss Matilla Pluck discussed "The Worth of a Young Life Consecrated to God in Missionary Service" following a solo by Miss Ellen Westin. The half-hour conference was in charge of Mrs. McClain and reports were submitted by Mrs. L. S. Schmidt, the branch librarian, and Mrs. Emma Divan, superintendent of the oratorical contest work. The programs for this evening's and tomorrow's sessions:

Wednesday Evening.

Song Service.
Devotional—Mrs. J. G. Fiddler.
Solo—Mrs. Frank Moy.
Address—Miss Hie-Ding-Ling, of China.
Ministerial Echoes.
Brief Address—Mrs. Frank Moy.
Annual Offering—Rev. E. O. Rife.
Thursday A. M.

Roll Call.
Devotional.
Reports—
Superintendent of Mission Bands—Mrs. C. Wessling.
Superintendent of Cradle Roll and Home Department—Mrs. H. Messner.
Delegate to Woman's Board—Mrs. M. M. T. Fouke.
Election of Officers.

Thursday P. M.

Devotional—Mrs. Fairlie.
Report of the Superintendent of the Training School—Miss Pluck.
Solo—Mrs. I. R. Rehm.
Question Box—Mrs. L. C. Schmidt.
Mormonism the Islam of America—Rev. C. G. Unangst.

LINEMEN TRIM TREES.

The linemen of the I. N. U. and the Dixon Home Telephone company are trimming the trees along their lines about the city, branches falling on the wires and causing a great deal of trouble.

LICENSED TO WED

A marriage license was issued last evening to Charles Curran and Miss Elma Lafevere, both of Dixon.

INCLEMENT WEATHER DELAYS BRICK WORK

The unfavorable weather is delaying the paving around the court house until the contractors are considerably provoked. It is impossible to lay the brick as long as the ground is wet, and as the streets are ready for the brick the delay is very annoying.

BAKER TELLS PLANS FOR BUTTON FACTORY

DIXON MAN RETURNS FROM MUSCATINE AFTER BUYING MACHINERY.

TO START FACTORY IN A MONTH

Expects to Start With Fifteen Men—States That Industry Will Grow and Be very Profitable.

E. S. Baker, who returned yesterday from Muscatine, Ia., announced to a Telegraph representative today, as was stated on Monday, that he had completed all arrangements for opening a button factory in the old Clear's brewery building on River street and that it is expected the new industry will commence operations in about four weeks, it being estimated that it will require that long to put the building in shape and install the machinery, which has been shipped from Muscatine.

Associated with Mr. Baker will be Harry Blair of Muscatine, an expert button manufacturer, who will be superintendent of the factory and in active charge of operations. Mr. Blair will superintend the installation of the machinery and the instruction of the fifteen men with whom it is planned to start operations. Eventually forty men will be employed, according to Mr. Baker's estimate.

Offered a Bonus.

While he was in Muscatine Mr. Baker states he was offered a bonus of \$1,500 by a committee from an Indiana city which was in Muscatine at the time trying to secure a button factory for their city. The Dixon man, however, turned down the offer and while in Muscatine made arrangements with a broker to handle the entire output of the Dixon factory, which it is expected will run the entire year. Mr. Baker has also arranged with a Chicago manufacturer of chicken feed to take the grindings from the Dixon plant.

Mr. Baker points out that claiming has grown to be such an industry here that the factory will undoubtedly be profitable and that in a short time forty employees, earning from \$2.50 to \$3.50 per day, will be employed.

PRETZEL PLAYERS HERE NEXT SUNDAY

THE FREEPORT ATHLETICS WILL BRING STRONG LINEUP TO MEET STARS.

The Freeport Athletics will meet the Dixon Stars at Athletic Park on next Sunday afternoon, and another rattling good game may be expected as the Athletics are leaders of the Pretzel City league. Charles Keenan, who pitched an excellent game for the locals last Sunday, will be on the mound for the Cops. The game will begin at 2:45 o'clock to allow the visitors to return on the evening train.

Boost for Keenan.

Concerning Charlie Keenan, the Rockford Republic, in commenting on Sunday's game, says: "Keenan, who pitched for Dixon, was also strong and this youngster may be heard from in higher company. He is a high school boy."

YOUNG MEN WILL MEET THIS EVE

THOSE INTERESTED IN FORMING OF YOUNG MEN'S COMMITTEE ARE INVITED.

Some of the young business men and citizens of Dixon will meet this evening at the city hall to discuss ways and means for organizing a young men's committee of the Citizens' association, and all the young men interested in the movement are invited to be present. The meeting will be called at about 7:30.

The purpose of the meeting is to endeavor to get more young men interested in the move on foot to organize a young men's club and to plan for a big mass meeting as a means to that end.

COMMENCEMENT OF AMBOY RURAL SCHOOL

EXERCISES WILL BE HELD AT OPERA HOUSE THERE TONIGHT.

The commencement exercises of the Amboy rural schools will be held at the opera house in Amboy this evening, with 22 young people completing their school work and receiving their diplomas. The following are the graduates:

Binghampton school—James Morrissey.
Welsh school—Francis Clayton.
Bertha Killmer, Wendell Martin.
Wetly school—Adelaide Welty.
Rockyford school—Floyd Trout.
Inlet school—Noretta Callahan.
Florence Rockwood.
Smith school—Francis Smith.
Dora Gray.
Keefer school—Andrew Kent, Myrcella Grohens, Hazel McCoy.
Shaw school—Fern Miller, Harold July.
Union Corners—Carrie Antoine.
Harc school—Viola Jones, Amanda Albrecht, Blanche Rupel, Alta Dunsteth, Nelta Landau and Cella Gleim.

In South Dixon.

The graduation exercises of the South Dixon schools held last evening at the Emanuel church were especially enjoyable. Despite the inclemency of the weather the church was filled with friends and patrons of the schools, and the address of the evening by Judge Robert H. Scott was worthy of especial mention.

G. A. R. ENCAMPMENT ON IN FULL SWING

ALTON, ILL., IS ENTERTAINING DELEGATES FROM ALL OVER STATE.

Alton, Ill., May 20—Camp fires in three places opened the annual encampment of the Illinois department G. A. R. and auxiliary organizations tonight. The same bugler blew "assembly" and "taps" for all three and the same program was carried out at all places. Mayor Faustick's welcome was responded to by Jasper T. Darling, past commander of Columbia Post, Thomas H. Gault, department commander, spoke.

Alfred H. Beers, commander in chief of the G. A. R., also made an address. Bishop Fallows of Chicago delivered the invocation.

Two thousand rooms in hotels and private homes were thrown open to the delegates. As the advance guard arrived the veterans were met by boy scouts, who escorted them to headquarters.

AUTO TURNS TURTLE AND INJURES GIRL

WHITESIDE COUNTY PEOPLE ARE HURT WHEN AUTO GETS CAUGHT IN RUT.

Sterling, May 21—Special—James Cuniss and daughter Katherine of Hume, while on their way home from Sterling yesterday in an auto were wrecked and the young lady was badly injured.

The machine was running at a high rate of speed and the wheels were in a rut. Mr. Cuniss attempted to turn out of the rut and his machine skidded and turned completely over, throwing him thirty feet and pinning his daughter under the car.

The girl's screams attracted the attention of a nearby farmer, who came to her assistance and the car was lifted enough to rescue her from her painful position. She was taken to the King farm nearby and two Sterling physicians were summoned.

It was found that the girl had suffered several scalp wounds, a dislocated shoulder and a wrenched elbow. Mr. Cuniss also suffered minor abrasions.

Ex-Supervisor and Mrs. Johnson of Grand Detour have purchased the residence now occupied by James N. Sterling and will take possession next October. Mr. and Mrs. Johnson will be welcome residents in Dixon.

URGES PUPILS TO PATRIOTISM

FRANCIS G. BLAIR SEEKS TO HONOR CIVIL WAR VETERANS

ASK THE CHILDREN'S AID

Idea Directed at Communities in Which No G. A. R. Post Exists

Francis G. Blair, State Superintendent of Public Instruction for Illinois, is intensely interested in the work of preserving the records of the soldiers of the Civil war, especially those who lie buried in the small rural cemeteries scattered throughout the state, where there is no G. A. R. or other organization to preserve the record and give honor for the battles fought and the sorrows borne that the nation might be free.

It is a part of his plan that the teachers and pupils of the country and village schools get the names of all the old soldiers now living in the district and of those who went to the civil war from the district now living or dead. From time to time the facts about each soldier should be gathered, written in a permanent book and kept in the school library. If the names only are secured for Memorial day that is sufficient, and the records may be gathered by the other pupils as language work, during the year.

A tree should be planted on the lawn, known as Memorial tree. If it is possible, get an old soldier to do the planting. Every Memorial day the children should gather around this tree and strew flowers about it while the roll of the dead is being called. After the records are completed, a short history of each soldier may be read in response to the name so that the children may become familiar with the patriotic service of the honored dead of their neighborhood.

In Edwards county, under leadership of the county superintendent, a Grand Army Memorial tree was planted in every school yard in the county.

The Peru school of Macon county dedicated one of the splendid oak trees in the yard as a Memorial tree with proper ceremonies, at which the G. A. R. post of Decatur presided, assisted by the members of the G. A. R. Relief Corps.

Why cannot this same work be duplicated in several thousand of the rural school grounds throughout the state? Can there be a more impressive and effective way of teaching and perpetuating patriotism than this?

COULD NOT ATTEND.

Mrs. Wm. Shippert of Eldena, vice president of the Women's Missionary society, which is in convention at the Evangelical church in this city, was prevented from attending the conference because of serious trouble with her eyes.

SEC. BAILEY IS HOME FROM Y. M. C. A. MEET

Secretary E. T. Bailey of the Y. M. C. A. has returned from Cincinnati, where he attended the International convention which 1280 men took part in. Mr. Bailey will submit his report of the convention later.

WEBSTER TOOK UP NEW DUTIES TODAY

Physical Director Charles Webster who recently resigned his position at the Dixon Y. M. C. A., went to Sterling today to take up his work in the Sterling association.

WEATHER REPORT

The following report of high and low temperatures and precipitation is taken each morning at 7 o'clock and is for the preceding 24 hours:

	Max	Min.	Precip.
Sunday	70	48	
Monday	69	46	
Tuesday	67	45	.33

For Illinois: Thunderstorms today; tomorrow unsettled with shifting winds; brisk over northern portion.

Sunrise, 4:21; sunset, 7:09. Moonrise, 8:12 p. m.

Tuesday 68 51 .65

Social Happenings

—Graduation gifts at The Gift Shop. Graduation cards, place cards, etc. 21 6

Celebrates Birthday

Sterling Gazette:—Miss Fanny Dieterle had a birthday yesterday and in honor of the event her sisters invited about fifty friends and relatives to spend the day at the spacious Dieterle home. The guests assembled laden with baskets of good things to eat which at the dinner hour were spread at a long table where some time was spent in doing justice to the dainty viands. After the dinner the day was spent in a pleasant social way and during the afternoon the guest of honor was showered with a number of handsome remembrances of the day. At a late hour in the afternoon the guests left for their homes having enjoyed a very happy day and wishing the hostess many happy returns.

The only event to mar the happiness of the day was the fact that one of the sisters, Mrs. Frank Pfundstein of Jordan, was unable to be present on account of illness and who is confined in the Dixon hospital. The guests, however, were glad to know that she is improving.

Dinner Guests

Mr. and Mrs. Willard Powers of Sterling entertained at dinner Sunday. Mr. and Mrs. Warren Powers of Sterling, Mr. and Mrs. Richard Proctor, and Mr. and Mrs. Charles LaFevre and two children of near Prairieville.

Dolan-Riley

Miss Edith Rose Dolan, daughter of Mr. and Mrs. M. J. Dolan of Ohio, Ill., and Edward Riley of Boston, Mass., were united in marriage yesterday morning at 10 o'clock at the church of the Immaculate Conception at Ohio in the presence of a large number of friends and relatives. After the ceremony a four course wedding breakfast was served at the home of the bride's parents.

Guests Here Sunday

Mr. and Mrs. Reuben Rich of Sterling were entertained Sunday at the home of Mrs. Stella Kerr in Dixon.

Attended Convention

The following Sterling people will attend the convention of Woman's clubs here Miss Jessie Powell, Mrs. Luella Hill Mack, Mrs. Sim Coe, Mrs. Frank Wheeler and Mrs. Hattie Ebersole.

For Mrs. Emmett

Mrs. A. C. Warner delightfully entertained a few friends yesterday afternoon for Mrs. A. Emmett.

Miss Davis Entertained

Miss Pearl Davis pleasantly entertained the young ladies of Mrs. H. E. Bradley's millinery store at her home on Nachusa avenue Monday evening. Music was a feature of the evening and delicious refreshments were served by the hostess.

Program at St. James.

The Young Ladies' Aid society of St. James Lutheran church, will give a program tomorrow evening at 8 o'clock at the church. The program will consist of instrumental and vocal music and a playlet. There will be no admission, but a silver offering is expected. All are invited to attend.

Choir Rehearsal.

The Baptist choir will meet Thursday at 7:30 p. m., at the church for special work.

This is Good advice

If you've the slightest cause to suspect that your eyes need attention, you should mark that down as the most important thing you have to do.

Our experience proves that people as a rule are too slow to act when their eyes need attention.

Seemingly they do not realize the influence for harm that eye defects have upon the system.

Let us equip you with a scientifically exact pair of lenses—or at least let us tell you the condition your eyes are in.

DR. W. F. AYDELOTTE,

Neurologist and Health Instructor,
223 Crawford Ave., Dixon, Illinois.

Dance Postponed.

Because of the unfavorable weather the Al-Kota club's dance which was to have been held at Rosbrook hall last evening, was postponed until next Tuesday evening.

Curran-Lafevre.

At 8 o'clock last evening at St. Patrick's Catholic church, Charles Curran and Miss Elma Lafevre, both of this city, were united in marriage by Father Foley in the presence of many friends of the contracting parties.

Both of the young people have many friends who will unite in extending congratulations. The groom is the son of Mr. and Mrs. Hugh Curran of Ottawa avenue, and is an industrious and likeable young man, while his bride, who has been employed at the Katherine Shaw Bethel hospital, has many friends who cherish her kindly and pleasant ways. The young couple will make their home in Sterling, where Mr. Curran is employed.

An appropriate gift for the young lady graduate would be a box of engraved calling cards. You can see some very attractive samples at the B. F. Shaw Ptg. Co.'s office.

Motor From St. Louis

Mr. and Mrs. F. Slocum were in Sterling a few hours Saturday on their way from St. Louis to Morrison, where they are visiting relatives. They made the trip by auto.

Ladies' Aid to Meet.

The Ladies' Aid society of the Christian church will gather tomorrow afternoon at the church for a business meeting and work.

City In Brief

Wesley Paddock is visiting in Dixon this week.

C. C. Campbell, the Dixon and Princeton merchant, was in Dixon today.

John Hettler of the Bend was in Dixon yesterday.

Thomas Flemming who has been ill is now able to be out.

Max Frese has returned from a trip to Sterling.

Misses Annabel Curren, and Minnie Buchanan visited in Polo recently.

Miss Edna Covert spent Sunday in Sterling.

Miss Phronie Woodruff has returned from seven months' tour through the west.

Clayton Russell returned last evening from a short business visit in Rochelle.

Attorney W. L. Leach, J. B. Kehoe, F. N. Vaughan and Frank Plach of Amboy were in Dixon today.

Mrs. Andrew Phalen and daughter went to Chicago today.

Mayor W. B. Brinton went to Chicago this morning for a short business visit.

Miss Nettie Dimick has gone to Chicago with her cousin, Mr. Barnett.

W. L. Kendall of the Monmouth Culvert company, was in this vicinity today conferring with highway commissioners of the neighboring towns.

Walter Hutton of Sterling was in town today.

THE HAAG CIRCUS

HERE NEXT MONDAY

Ever anxious to offer the newest and novel acts regardless of trouble or cost, Ernest Haag this season presents among a grand profusion of awe inspiring marvels of the Mighty Haag shows the incomparable Lamonts. Each and every member of this matchless troupe seemingly controls the law of gravitation in each of their many death defying deeds of daring.

Of them it may be truthfully said that they begin where all other aerialists stop, working on apparatus at the uppermost top of the huge canvas dome, and without a net or safeguard of any kind to meet them, these venturesome men and women execute their hair-raising stunts with the same unconcern the average person partakes of a dinner. Wherever seen they are proclaimed by press and public premiers of their dangerous profession.

The Mighty Haag shows will exhibit May 26, afternoon and evening, in Dixon, at which time showgoers of this vicinity will be afforded an opportunity to see this wonderful troupe. It is, however, but one of the several mighty feature acts to be placed on view by these shows, which do not now have, nor never have had, room for threadbare and worn out numbers imitations are never tolerated and as a result every name upon the program of these shows is that of an originator in his or her respective line. It is because of all this that the mighty Haag shows are today alone and unrivaled.

CUBA HAS NEW HEAD

Gen. Mario G. Menocal Installed as President.

Hopes to Foster Friendly Relations With All Nations, Especially United States—Plans Peace Regime.

Havana, Cuba, May 21.—Gen. Mario G. Menocal and Dr. Enrique Jose Varona were inaugurated president and vice-president, respectively, of the republic of Cuba. General Menocal succeeds Jose Miguel Gomez.

President Menocal contented himself with the declaration that he will devote all his energies to giving the country a clean business administration, which will foster the industries of the island and develop its splendid resources, which will welcome foreign capital and immigration and maintain friendly relations with all nations, especially with the United States, to which Cuba is so closely linked by bonds of mutual affection and interest.

General Menocal was born in 1866 at Jaguay Grande, Matanzas province. His family moved to the United States and he was educated in the military college of Washington and at Cornell university. He graduated from Cornell as a civil engineer. Upon leaving Ithaca he went with his uncle, Aniceto G. Menocal, chief of the engineering staff which made the survey of the Nicaragua canal, and worked with him. He returned to Cuba as an engineer for a French company. At Santa Cruz he joined the revolutionary forces as a private and rose rapidly until he became general of division. His military record was brilliant; he rendered great service to the Americans at the time of the Spanish evacuation, and General Ludlow, civil governor of Havana province, appointed him chief of police of Havana, a position requiring at that time great tact and ability. He managed a large sugar estate until a few weeks before his inauguration.

Vice-President Varona was born in Camaguey April 13, 1849, was graduated from the University of Havana and is professor of philosophy and ethics in that institution. Under General Wood's administration he was secretary of public instruction. He is an author and newspaper man and president of the conservative party, which won the recent elections.

ROSES THROWN AS MISSILES

Flowers Dropped Instead of Bricks as Cincinnati Strike Ends.

Cincinnati, May 21.—Roses and carnations fell from the same high buildings from which had been hurled bricks, sacks of cement and pieces of steel, and the reason for the change was the settlement of the street car strike. The city's suit for a receiver for the Cincinnati Traction company came to an end and the two arbitrators already chosen met to select a third member. If they are unable to agree the choice will be made by the state board of arbitration and conciliation.

BONDS SOLD OVER COUNTER

Department Store Sale Interests the Women in Civic Securities.

St. Paul, Minn., May 21.—Seventy-eight thousand dollars' worth of municipal improvement bonds were sold over the counter of a local department store in less than four hours. The small investors, mostly women, purchased \$55,000 worth of paying bonds during a previous day's sale.

The entire issue for May, June and July now has been taken up, and the August block will be disposed of in the same manner probably next week.

BREAKING OUT SPREAD ON LEG

Formed Large Blotches. Itching Terrible, Ugly Sores Would Break Open and Run. Cuticura Soap and Ointment Cured in Few Weeks.

Hiltop, Kan.—"About two years ago I began to notice a breaking out on my leg. At first it was very small but soon it began to spread until it formed large blotches. The itching was terrible and almost constant. Many nights I could not sleep at all. After scratching it to relieve the itching it would burn so dreadfully that I thought I could not stand it. For nearly a year I tried all kinds of salves and ointment, but found no relief. Some salves seemed to make it worse until there were ugly sores, which would break open and run."

"One day I saw an advertisement of Cuticura Remedies. I got a sample of the Cuticura Soap and Cuticura Ointment and began by washing the sores with the Cuticura Soap then applying the Cuticura Ointment twice a day. I noticed a change and got more Cuticura Soap and Ointment and in a few weeks I was cured. It has healed so nicely that no scar remains." (Signed) Mrs. Anna A. Low, Dec. 17, 1911.

Cuticura Soap and Ointment do so much for pimples, blotches, dandruff, dry, thin and falling hair, chapped hands and shapeless nails with painful finger-ends, that it is almost criminal not to use them. Sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Be Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

Dramatic Notes

FAMILY THEATRE

The following pictures will be shown at the Family theatre tonight Swag and Destiny, drama. Will Willie Win, comedy. The Game Warden, a story of the New Jersey highlands; very interesting.

OPERA HOUSE.

Tonight the last word in moving pictures, Jas. K. Hackett in "The Prisoner of Zenda," will complete its three days' engagement at the opera house. From the standpoint of the legitimate theatre goer and the lover of the drama in its more or less theatrical form, in which the personality and grace of the actor are considered almost paramount to his ability to portray his part as it exists in real life, this great picture is a masterpiece and a production that no one should miss seeing.

Gives Quickest and Surest Cure For All Sore Feet

The following is absolutely the surest and quickest cure known to science for all foot ailments: "Dissolve two table-spoonsful of Calcidol compound in a basin of warm water. Soak the feet in this for full fifteen minutes, gently rubbing the sore parts." The effect is really wonderful. All soreness goes instantly; the feet feel so good you could sing for joy. Corns and callouses can be peeled right off. It gives immediate relief for sore bunions, sweaty, smelly and aching feet. A twenty-five cent box of Calcidol is said to be sufficient to cure the worst feet. It works through the pores and removes the cause of the trouble. Don't waste time on uncertain remedies. Any drug-gist has Calcidol compound in stock or he can get it in a few hours from his wholesale house. It is not a patent medicine but is an ethical preparation.

DR. GUTHRIE.

The Successful Specialist, who has cured so many in Illinois, will be in his office, Corner 1st Ave. and Third at Sterling, Saturday May 24th, from 10 a. m. to 8 p. m.

VARICOCELE Whatever may be the cause of Varicocele, its injurious effects are well known. It de- and specifications mind, weakens the body, racks the nervous system, and ultimately leads to complete loss of sexual power. If you are a victim of varicocele come to my office and let me explain to you my process of treating it. You will then not wonder why I have positively cured more than 12,000 cases of this dire disease during the past twenty years. Under my treatment the patient improves from the very beginning. All pain instantly ceases. Soreness and swelling quickly subside. The pools of stagnant blood are forced from the dilated veins, which rapidly assume their normal size, strength and soundness. All indications of disease and weakness vanish completely, and in their stead come the pride, the power and the pleasures of perfect health and restored manhood.

STRICTURE It matters not how long you have suffered from Stricture, or how many different doctors have disappointed you, I will cure you just as certainly as you come to me for treatment. I will not do it by cutting or dilating. My treatment is new, entirely original with me and perfectly painless. It stops every unnatural discharge, allays all inflammation, reduces the prostate gland when enlarged cleanses and heals the bladder and kidneys when irritated or congested, invigorates the sexual organs and restores health and soundness to every part of the body affected by the disease.

NERVO-SEXUAL DEBILITY Men, many of you are now reaping the result of your former folly. Your manhood is failing and will soon be lost unless you do something for yourself. There is no time to lose. Impotency, like all sexual diseases, is never on the standstill. With it you can make no compromise. Either you must master it or it will master you and fill your whole future with misery and indescribable woe. I have treated so many cases of this kind that I am as familiar with them as you are with the very daylight. Once cured by me, you will never again be bothered with emissions, drains, prematureness, small or weak organs, nervousness, failing memory loss of ambition or similar symptoms which rob you of your manhood and absolutely unfit you for study, business, pleasure or marriage. My treatment for men will correct all these evils and restore you to what nature intended — a hale, healthy, happy man, with physical and sexual powers complete.

ASSOCIATE DISEASES In curing a disease of any kind I never fail to remove reflex complication. If the case is Varicocele, the weakness caused by it disappears. If it is Stricture, and has developed into Prostatic, Bladder or Kidney affections, the injured organs are all restored to a perfectly healthful condition. If it is Contagious Blood Poison any, and all Skin, Blood and Bone diseases arising from the taint are entirely and permanently eliminated from the system. If it is impotency, the many distressing symptoms following in its train and indicating a premature decline of physical, mental and sexual powers are totally removed and rapidly replaced by the youthful energy of robust manhood. Hence all resulting ill and reflex complications which may be properly termed associate diseases, and which in fact are often more serious than the original ailment that gives rise to them—all, I say, disappear completely and forever with the cure of the main malady.

Dr. Guthrie will be at the Nachusa House Dixon, on Friday May 23, from 11:30 a. m. to 8 p. m. and return every 4 week

The season may be dry
Or the rain may never stop,
But there's never any failure
In the artificial ice crop.

DEMENTTOWN ... DOINGS

Even graduations can not be accomplished without effort.

Nor can trips to Chicago come without the mazzuma.

But habitués will find a lot of comfort in the notice which appears over the sanitary drinking fountain in the court house, said sign being in words and figures as follows:

FOR A DRUNK

Push guard to one side.
Following which advertisement, we predict for the court house a large crowd tomorrow.

The Goose Hootow Philosopher

It doesn't look as though the demand for lawyers in this country is ever going to exceed the supply.

There is one good thing. When a feller is worryin' about his automobile, he ain't worryin' about anything else.

There ain't nothing that sticks out on a feller like bad grammar.

If a feller is a low brow he is sure to show it some time. He can't conceal it any more than he can conceal a wart on his nose.

It ain't what a feller makes in his work, but what he saves, that counts, unless, of course, it is cigar coupons, or chewin' terbacker tags.

I can't hardly believe that any good American feller is ever goin' to follow the dictates of fashion and carry a handbag.

The feller who left his screen doors up all winter now thinks he has got the laugh on his neighbors, even though there are no screens left in the doors.

A barber kin work on a feller all day if he isn't stopped, and at mid-night is ready to suggest something else that should be done.

Lem Higgins, who is in politics, to the extent of being village clerk twenty years ago, has been incapacitated for real work ever since.

The sweetest bird song that I know is the cackle of the hen after she has laid an egg.

Hank Tumms has called his son Bill because he came to them on the first of the month.

Elgin—Awakened from his sleep at 11:30 o'clock Saturday night, Magistrate George Thompson answered a ring at the door bell to find several couple on his porch, among them Ruth A. Parkin and Charles J. Henning, a watch case maker, who desired to be married.

Elgin—Four auto accidents here yesterday, in which participants escaped serious injury but which resulted in about \$3,000 damage to machines, brought one arrest and a change in the handling of traffic.

We are showing some beautiful new styles in photographs, suitable for commencement pictures.

HENRY M. FLAGLER DIES IN FLORIDA

Oil Magnate, Railroad Builder
and Owner Succumbs at
Palm Beach.

WEALTH OVER \$100,000,000

Started in Life as a Clerk at Five
Dollars a Month—Was One of
the Principal Factors in the
Upbuilding of Florida.

West Palm Beach, Fla., May 21.—Henry M. Flagler, aged eighty-three, capitalist and railroad magnate, died at his winter home after an illness of several weeks. His son Harry, who returned Monday from Europe, was among those at the bedside.

Recently Mr. Flagler fell down a flight of stairs, which probably hastened death.

The funeral will be held at three o'clock Friday at Memorial Presbyterian church, which Mr. Flagler gave the denomination in which his father was a preacher. Interment will be in the Flagler mausoleum in the churchyard.

Clerked in Country Grocery.

Mr. Flagler was born at Canandaigua, N. Y., in 1830. Little is known of his early life except that he was clerk in a country grocery in Orleans county, Michigan, while in his teens. Later he moved to Saginaw, Mich., where he engaged in the manufacture of salt. Becoming interested in the possibilities of the petroleum industry, he moved to Cleveland, where he organized the company of Rockefeller, Andrews & Flagler, engaging in the refining of oil. The Standard Oil company was the outgrowth of this venture and Mr. Flagler was connected with the management of the great corporation from its inception.

Invested in Florida.

In 1885 Mr. Flagler paid his first visit to Florida and became impressed with the business possibilities presented there by the railroad field in connection with the development of winter resorts.

Mr. Flagler built the Florida East Coast railroad and later erected the Ponce de Leon and Alcazar hotels at a cost of \$3,000,000. His greatest achievement was the extension of his railroad from Miami to Key West. For many years his plan was ridiculed as impracticable and was called "Flagler's folly." The opening of this "over-seas" line is regarded as one of the engineering triumphs of the age.

GOLF LINKS ARE MENACED

Five Thousand Volunteers on Guard
Against Suffragette Attack.

St. Andrews, Scotland, May 21.—This little town is almost in a state of siege as the result of threats uttered by the militant suffragettes that they will destroy the putting greens and thus render play impossible in the world's amateur golf championship, which is to be competed for here next week.

The most intense excitement prevails among the townspeople. The Royal and Ancient Golf club and the citizens have organized a vigilance committee, whose members, together with 5,000 volunteers, will guard the greens night and day.

London, May 21.—The Standard asserts that the militant cause is practically bankrupt. It claims to know that the alleged huge war chest of the suffragettes of more than \$500,000 is "a gigantic bluff," that the alleged \$75,000 subscribed at the last Albert hall meeting consisted of dummy checks, there being only \$4,000 in cash, and that the resources from the sale of militant papers and public subscriptions are dwindling.

ANARCHISTS GIVEN THE RUN

Police Escort Emma Goldman and
Ben Reitman Out of San Diego.

San Diego, Cal., May 21.—Emma Goldman and Ben Reitman, anarchists, were arrested on their arrival from Los Angeles and taken to the city limits in a police automobile. They boarded a train for Los Angeles. The program was arranged by the police and agreed to by the prisoners. Mrs. Goldman said, it is alleged, that she would never again attempt to speak in San Diego. Her purpose in coming was to deliver a lecture. As soon as it became known that Mrs. Goldman and Reitman, who was tarred and feathered and run out of town last year by alleged vigilantes, were in the city jail, a crowd gathered, but no violence was attempted.

LANDSLIDE HITS A TRAIN

Four Persons Are Killed and Several
Wounded in Wreck.

Huntington, W. Va., May 21.—At least four were killed and several seriously injured in a Chesapeake & Ohio train wreck near Sewell, W. Va., when a cloudburst caused a mountain-side stream to sweep the train from the tracks.

Must Read Bible in Schools.

Harrisburg, Pa., May 21.—Under a bill approved by Governor Tener, ten verses of the Bible must be read daily without comment in the public schools of Pennsylvania. Teachers who violate the law are subject to dismissal.

CHAPTER XXVI.

Sweetwater Returns.

"You see me again, Miss Scott. I hope that yesterday's intrusion has not prejudiced you against me."

"I have no prejudices," was her simple but firm reply. "I am only hurried and very anxious. The doctor is with Mr. Brotherson just now; but he has several other equally sick patients to visit and I dare not keep him here too long."

"Then you will welcome my abruptness. Miss Scott, here is a letter from Mr. Challoner. It will explain my position. As you will see, his only desire is to establish the fact that his daughter did not commit suicide. You have seen Miss Challoner, I believe. Do you think she was the woman to plunge a dagger in her heart in a place as public as a hotel reception room?"

"No, Mr. Sweetwater. I saw her once and it made me want to be quiet and kind and beautiful like her. I never shall think she did anything so horrible. Nor will Mr. Brotherson ever believe it. He could not and live. You see, I am talking to you as if you knew him—the kind of man he is and just how he feels towards Miss Challoner. He is—" Her voice trailed off and a look, uncommon and almost elevated, illumined her face. "I will not tell you what he is; you will know, if you ever see him."

Sweetwater watched her for a moment, and then remarked: "I'm going to take one thing for granted; that you are as anxious as we are to clear Miss Challoner's memory."

"O yes, O yes."

"More than that, that you are ready and eager to help us. Your very looks show that."

"You are right; I would do anything to help you. But what can a girl like me do? Nothing; nothing. I know too little. Mr. Challoner must see that when you tell him I'm only the daughter of a foreman."

"And a friend of Mr. Brotherson," supplemented Sweetwater.

"Yes," she smiled, "he would want me to say so. But that's his goodness. I don't deserve the honor."

"His friend and therefore his confidante," Sweetwater continued. "He has talked to you about Miss Challoner?"

"He had to. There was nobody else to whom he could talk; and then, I had seen her and could understand."

"Where did you see her?"

"In New York. I was there once with father, who took me to see her. I think she had asked Mr. Brotherson to send his little friend to her hotel if ever we came to New York."

"That was some time ago?"

"We were there in June."

"And you have corresponded ever since with Miss Challoner?"

"She has been good enough to write, and I have ventured at times to answer her."

Smiling a little, but in a very earnest fashion, he pointed to the letter she still held and quietly said:

"Remember that I'm not speaking for myself, Miss Scott, when I seem a little too persistent and inquiring. You have corresponded with Miss Challoner; you have been told the fact of her secret engagement to Mr. Brotherson and you have been witness to his conduct and manner for the whole time he has been separated from her. Do you, when you think of it carefully, recall anything in the whole story of this romance which would throw light upon the cruel tragedy which has so unexpectedly ended it? Anything, Miss Scott? Straws show which way the stream flows."

She was vehement, instantly vehement, in her disclaimer.

"I can answer at once," said she, "because I have thought of nothing else for all these weeks. Here all was well. Mr. Brotherson was hopeful and happy and believed in her happiness and willingness to wait for his success. And this success was coming so fast! Oh, how can we ever tell him! How can we ever answer his questions even, or keep him satisfied and calm until he is strong enough to hear the truth. I've had to acknowledge already that I have had no letter from her for weeks. She never wrote to him directly, you know, and she never sent him messages, but he knew that a letter to me was also a letter to him and I can see that he is troubled by this long silence, though he says I was quite right not to let her know of his illness and that I must continue to keep her in ignorance of it till he is quite well again and can write to her himself. It is hard to hear him talk like this and not look sad or frightened."

Sweetwater remembered Miss Challoner's last letter, and wished he had it here to give her. In default of this, he said:

"Perhaps this not hearing may act in the way of a preparation for the shock which must come to him sooner or later. Let us hope so, Miss Scott."

Her eyes filled.

"Nothing can prepare him," said she. Then added, with a yearning accent, "I wish I were older or had more experience. I should not feel so helpless. But the gratitude I owe him will give me strength when I need it most. Only I wish the suffering might be mine rather than his."

Unconscious of any self-betrayal, she lifted her eyes, startling Sweetwater by the beauty of her look.

"I don't think I'm so sorry for Oswald Brotherson," he murmured to himself as he left her. "He's a more fortunate man than he knows, however deeply he may feel the loss of his first sweetheart."

That evening the disappointed Sweetwater took the train for New York. He had failed to advance the case in hand one whit, yet the countenance he showed Mr. Gryce at their first interview was not a wholly gloomy one.

"Fifty dollars to the bad!" was his first laconic greeting. "All I have learned is comprised in these two statements. The second O. B. is a fine fellow; and not intentionally the cause of our tragedy. He does not even know about it. He's down with the fever at present and they haven't told him. When he's better we may hear something; but I doubt even that."

"Tell me about it."

Sweetwater complied; and such is the unconsciousness with which we often encounter the pivotal circumstance upon which our future or the future of our most cherished undertakings hangs, he omitted from his story the sole discovery which was of any real importance in the unraveling of the mystery in which they were so deeply concerned. He said nothing of his walk in the woods or of what he saw there.

CHAPTER XXVII.

The Image of Dread.

In the comfortable little sitting-room of the Scott cottage Doris stood, looking eagerly from the window which gave upon the road. Behind her, on the other side of the room, could be seen through a partly opened door, a neatly spread bed, with a hand lying quietly on the patched coverlid. Several weeks had passed since the departure of Sweetwater and the invalid was fast gaining strength. Tomorrow, he would be up.

Was Doris thinking of him? Undoubtedly, for her eyes often flashed his way; but her main attention was fixed upon the road, though no one was in sight at the moment. Some one had passed for whose return she looked; some one whom, if she had been asked to describe, she would have called a tall, fine-looking man of middle age, of a cultivated appearance seldom seen in this small manufacturing town; seldom seen, possibly, in any town. He had glanced up at the window as he went by, in a manner too marked not to excite her curiosity. Would he look up again when he came back? She was waiting there to see. Why, she did not know. She was not used to indulging in petty suppositions of this kind; her life was too busy, her anxieties too keen. The great dread looming ever before her—the dread of that hour when she must speak—left her very little heart for anything dissociated with this coming event.

But her interest had been caught today, caught by this stranger, and when during her eager watch the small messenger from the Works came to the door with the usual daily supply of books and magazines for the patient, she stepped out on the porch to speak to him and to point out the gentleman who was now rapidly returning from his stroll up the road.

"Who is that, Johnny?" she asked. The boy looked, searched his memory, not without some show of misgiving.

"A queer name," he admitted at last. Shally something. Shally—Shally—"

"Challoner?"

"Yes, that's it. How could you guess? He's from New York. Don't seem to have no business."

"Well, never mind. Run on, Johnny. And don't forget to come earlier tomorrow; Mr. Brotherson gets tired waiting."

"Does he? I'll come quick then; quick as I can run." And he sped off at a pace which promised well for the morrow.

Challoner! There was but one Challoner in the world for Doris Scott—Edith's father. Was this he? It must be, or why this haunting sense of something half remembered as she caught a glimpse of his face. Edith's father! and he was approaching, approaching rapidly, on his way back to town. She had not closed the door; something within—a hope or a dread—had prevented that. Would he take it as an invitation to come in? No, no; she was not ready for such an encounter yet. He might speak Edith's

NOTES OF FEAR AROUND PINE CREEK

NEWSY LETTER TELLS OF SPECIAL LIFE IN THAT VICINITY.

Pine Creek, May 20.—Mrs. S. B. Netz is quite indisposed at present. Mr. F. Frank spent several days in Oregon the past week.

F. W. Bovey and family spent Sunday at the David Osbaugh home at Nachusa.

Miss Lella House of near Polo, was a visitor the past week with the Misses Bovey.

There will be two more weeks of school at the Center school.

Mr. and Mrs. Roy Netz were recent visitors in Oregon.

The Church of the Brethren held their communion service last Sunday with a good attendance.

O. W. Schell of the Polo Mutual Telephone company, was a recent caller here.

The first Sunday in June has been set aside for Children's day at Pennsylvania Corner and a program will be held in the Christian church by the Sunday school. All are invited to attend.

Irvin Trump was in Oregon Saturday.

Jacob Adams and son Fred and his family spent last Saturday in Dixon.

Dame Rumor has it that ere long

In your hand you hold a five-cent piece.

Right at the grocer's hand is a moisture-proof package of Uneeda Biscuit. He hands you the package—you hand him the coin. A trifling transaction?

No! A remarkable one—for you have spent the smallest sum that will buy a package of good food; and the grocer has sold you the most nutritious food made from flour—as clean and crisp and delicious as it was when it came from the oven.

NATIONAL BISCUIT COMPANY

the joyful tolling of wedding bells will be heard in this community.

Mr. Newcomer, formerly of this place, is now at the home of his sister, Mrs. Hartzell, near Franklin Grove.

Miss Gail Bovey was a Dixon shopper Saturday.

Misses Maude and Gail Bovey and guest, Miss House, of Polo spent Sunday afternoon visiting with Miss Nellie Ambrose at her home at Pennsylvania Corners.

Grandmother Koontz is spending a

few days at the home of Wm. Stauffer near Pennsylvania Corners.

David Baucher, our popular blacksmith, was a business caller in Dixon Saturday.

Mrs. Wm. Bovey, who has been afflicted with rheumatism, is very much better.

MUST NOT PICK FLOWERS OR FERNS

When Lowell Park was taken over by the City of Dixon there was with in its boundaries a marked scarcity of the more attractive wild flowers and shrubs, due to pasturing. Since that time the Park Board has constantly endeavored to increase the supply and to encourage the growth of plants that add so much to the beauty of a place like Lowell park. Many hundreds of plants have been purchased from the growers and several hundred have been grown and given to the park by interested people. These efforts however, are to a degree thwarted by certain people who not only pick the flowers, thus preventing their seeding, but also dig up entire plants, ferns and even evergreens which the Board has paid money for out of the taxes, besides the labor of setting them out. The Board does not feel that these people mean to steal but that they are very thoughtless. It is believed that people will readily see the situation in its right light and that persecutions will not be necessary to break up the practice.

For the information of those who desire to obtain wild flowers and ferns for their home grounds, the Board can say that nurserymen now supply every kind of attractive wild plant that is native to this region, at prices which are less than the value of one's time digging them in the woods.

Park BOARD.

SPEND \$5,000 TO GIVE \$300 CHARITY

RECORDS OF VARIOUS INSTITUTIONS AT CHICAGO ARE PROBED.

Chicago, May 20—Records intended to show that one woman dependent upon charity received less than \$300 during 18 months while approximately \$5,000 was spent in investigating her condition were produced yesterday before the legislative committee investigating charitable institutions.

The beneficiary, Mrs. Maggie Ustich, resides next door to the Mary Crane nursery, a branch of the United Charities, and two of her children were asphyxiated last year. At the inquiry it was told how two pulmoters were rushed to the home in an effort to save the children who were overcome while the mother was attending a lecture at the nursery on the care of babies. Since their death Mrs. Ustich has been caring for three surviving children. Her husband is in an asylum.

A portion of the record of the case submitted by the Rev. F. E. J. Lloyd member of the legislative committee, follows:

Charitable organizations render service, \$16. Courts rendering service, \$2.

Individuals investigating, \$82.
Physicians in attendance, \$11.
Nurses in attendance, \$3.
Pulmoters rendering services, \$2.
Visits and interviews in regard to Mrs. Ustich, \$105.

Cash paid to Mrs. Ustich by United Charities, \$5,000.

"This is one of the apparent abuses we are trying to correct," said Mr. Lloyd. "It is a shame that so much money was spent in looking up Mrs. Ustich, when so little was really given to help out."

FIRST SCOUT TO SLEEP WINS A PRIZE

The Boy Scouts of Pensacola, Fla., when in camp have a "Get-to-sleep-first" contest. Their scout commissioner, F. H. Young, devised the interesting game so there would be less sky-larking after the lights were out. The scouts are divided into patrols and each patrol has a tent. The patrol that gets to sleep first gets a big pan of doughnuts for breakfast.

Charles Lowry returned last evening from Chicago, where he took a violin lesson.

A SUGGESTION.

Send your friend or relative the Telegraph. It will make a pleasing gift. By mail anywhere in the U. S. for \$3 a year.

REGISTER OF EVENTS IN BUSY AMBOY TOWN

HAPPENINGS OF INTEREST REGARDING THE RESIDENTS OF AMBOY.

Amboy, May 20—Mr. Christgau, representing the anti-saloon league of Illinois, spoke at the Congregational church Sunday morning, and in the evening addressed a union meeting at the M. E. church. Both services were well attended and special music was given for the occasion. Mr. Christgau is an interesting speaker.

Dr. and Mrs. J. M. O'Malley of Ohio, Ill., spent Sunday at the home of her parents, Mr. and Mrs. Darwin Zeek. Mr. and Mrs. O'Malley came by auto.

Mr. and Mrs. Will Long of Florida are guests at the home of Will Eddy.

Miss Carol Keefer entertained a few friends at luncheon Sunday evening.

SCARBORO NEWS

MISS JULIA SCHOENHOLZ TO LEAVE FOR EUROPE ON JUNE 9.

Scarboro, May 19.—Miss Schoenholtz leaves Scarboro June 9th for Chicago and from there to New York City where she will spend about ten days with her aunt and uncle at Sea Cliff, Long Island. On June 21st, she will join her party at Montreal, Canada. The party contains one lady from Marengo, Ill., nine from Chicago, and Miss Ida B. Laelles of Evanston who is conducting the party. From there they will sail for Glasgow on the steamer Letitia of the Donaldson line. During the months of July and August they will spend their time visiting England, Germany, Switzerland, Italy and France.

August 21st they will go back to London, from whence they will take passage to Glasgow and start for Montreal. Miss Schoenholtz will leave her party and come home by way of Niagara Falls, at which place she will stop off a few days reaching home about September 5th.

Mrs. Williams of Rochelle spent Friday with Miss Ida Durin.

Misses Margaret and Marcella Kirby of Steward were in Scarboro Saturday witnessing the presenting of the public school of that place with a Superior Diploma.

C. C. Fisher has started to excavate for his new house.

Memorial Services at Evangelical Church, Scarboro

Friday, May 30, there will be memorial services at the church in honor of the soldier dead of the nation. The audience will be addressed by Rev. Schweitzer. All veterans of the Civil and Spanish American wars are especially invited to attend.

Scarboro Will Have a Show

Thompson Brothers show will be in Scarboro May 23 and 24.

Maria Ellsworth is visiting at the home of Miss Ida Durin.

Orval Byrd of Steward was an over Sunday visitor in Scarboro.

Miss Ada Durin and three school mates from Mt. Morris spent Saturday at her home.

Mrs. S. V. Warrick of Rochelle, spent several days of last week with home folks, returning home Sunday.

C. Wright of Aurora was in Scar-

Noe, Clerk of Board of Directors. Recollections of a Teacher — Mrs. Maria Ellsworth. Vocal—Male Quartet. Conclusions—Supt. L. W. Miller. Placing of Plate—Mr. Hoffman. Photographing. Serving of Refreshments. The music by the Misses Mishler and McCosh was very appropriate for the occasion.

The quartet was especially appreciated because of its fine quality.

Mr. Miller spoke a few short words in his cheerful way in appreciation of his county being the third in the state of Illinois to have a school so fine as to receive a superior diploma.

Miss Olive Yetter read two short pieces which were very entertaining.

Mr. Hoffman, in his presentation speech, showed the value of and what should be expected in the way of graduates, from a school, so finely equipped. He showed what a church and school should mean to a community as social centers.

After the program the crowd filed to the school yard and witnessed the placing of the superior plate, while some snap shots of the crowd were taken.

Last, but not least, were the refreshments, which were served to the crowd.

Rev. Baumgartner of Naperville, preached Sunday morning. There was another special treat Sunday evening, an oration by Rev. Willmings. "Freedom to Do." Reading by Miss Ollie Yetter and several selections by the male quartet. It was a grand evening entertainment.

Jacob Fisher's house is receiving a coat of paint inside and out.

Graduating exercises of four country schools will be held at Paw Paw Methodist church Thursday evening, May 22.

Ruth Schoenholtz will return to Aurora Monday morning after spending two days at home.

Ollie Yetter who is attending school at Mt. Morris was an over Sunday visitor at her home.

Mrs. W. E. Byrd is on the sick list. We hope to see her out soon.

CHRONICLE OF EVENTS FROM GRAND DETOUR

NEWSY LETTER TELLS OF SPE-RESPONDENT IN BEAUTIFUL SUMMER RESORT.

NOTICE TO CONTRACTORS

Sealed proposals addressed to the Board of Local Improvements of the City of Dixon, Lee County, Illinois, and endorsed, proposals for the furnishing of the labor and materials for, and the construction of Vitrified Brick or Block Pavement on East First Street from the west line of Ottawa Avenue to the east line of Dixon Avenue; On Ottawa Avenue from the south line of East River Street to the north line of East First Street; and from the south line of East First Street to the north line of East Second Street; On Crawford Avenue from the south line of River Street to the north line of East First Street.

Such pavement shall also be constructed in like manner, upon the whole area of Commercial Alley between the points hereinafter designated except where permanent improvements, duly authorized, have been extended into said alley and where no buildings or other permanent structures, against which brick or block may be securely laid, exist along boundaries of said alley; in which latter case a portion of the pavement, six inches wide and extending along the said boundaries, shall be constructed of portland cement concrete of the kind hereinafter specified for curbing, which portion shall have a depth of not less than one foot and the same foundation as is specified for other portions of the pavement and shall be finished with a smooth top in all respects the same as hereinafter specified for the curbing. The said Commercial Alley shall be so paved from the east line of Galena Avenue to the west line of the sidewalk already constructed on the west side of Ottawa Avenue, and from the east line of Ottawa Avenue to the sidewalk already constructed on the west side of Crawford Avenue.

And such pavement shall be extended laterally to the property lines produced, or to the permanent cross walks along such property lines produced, at and upon the intersection area common to the said street, avenues and alley, and the several streets, avenues or alleys which they intersect. Also the construction of concrete curbing on the south side of East First Street from the east line of Ottawa Avenue easterly to the curb heretofore constructed, and from the west line of Dixon Avenue westerly to the curb heretofore constructed; on the north side of East First Street from the east line of Ottawa Avenue easterly to the west line of Crawford Avenue; On the east side of Ottawa Avenue from the north line of East First Street northerly to the south line of Commercial Alley and from the north line of Commercial Alley to the south line of East River Street; On the east side of Crawford Avenue from the north line of Commercial Alley northerly to the south line of East River Street. Such curbing shall be extended at all street intersections to connect with curbs theretofore constructed or to be constructed, and be curved at alley intersections and extended to the line of the adjoining property; in the City of Dixon, County of Lee, and State of Illinois, as provided for in Local Improvement Ordinance No. 144, Series of 1913 of said City of Dixon, will be by the secretary of said Board of Local Improvements at the City Clerk's Office in the City of Dixon, Lee County, Illinois, until two o'clock p. m., on Monday, the 2nd day of June, A. D. 1913, and will be publicly opened by the said Board of Local Improvements at a meeting to be held at the said City Clerk's office at the said hour and day, and at the same time and place said Board of Local Improvements will in open session examine such proposals as have been delivered to it and publicly declare the same.

SPECIFICATIONS

That the subgrade for the pavement described in Section One shall be prepared by first removing all materials found upon the roadway to be paved or filling the depressions therein to a grade 10 inches below the grade given. Such subgrade shall then be thoroughly compacted by rolling, tamping and flushing as may be necessary to produce a thoroughly compact and uniform subgrade.

Upon the subgrade so formed shall be placed a foundation of crushed stone, spread to a uniform thickness, the top of which shall be substantially six inches below the grade given. The voids in said stone foundation shall then be thoroughly filled with screenings or sand and the whole thoroughly compacted in like manner as provided for compacting the subgrade. When so compacted the surface shall be at all points substantially six inches below the grade given.

Upon the foundation so formed a sand cushion two (2) inches thick shall be spread and shaped with suitable template. Upon this sand cushion shall be laid suitable vitrified brick or block and the spaces between such bricks or blocks thoroughly filled with approved pitch or asphalt filler, the kind and quality shall be designated by the bidder in his bid, and rolled until the whole is a firm, compact roadway, conforming at all points to the grade given.

able template. Upon this sand cushion shall be laid suitable vitrified brick or block and the spaces between such bricks or blocks thoroughly filled with with approved pitch or asphalt filler, the kind and quality shall be designated by the bidder in his bid, and rolled until the whole is a firm, compact roadway, conforming at all points to the grade given.

PAVING BRICK OR BLOCKS

The brick must be strictly No. 1 "pavers" of the size commercially known as vitrified brick or vitrified blocks as this matter may be agreed upon between the contractor and the Board of Local Improvements.

The width of the "pavers" must not vary to exceed one-eighth of an inch. They must be made of shale, be thoroughly annealed, be tough and durable, regular in size and shape, and evenly burned. When broken, the block shall exhibit a dense, stone-like body, uniform in color throughout the inside, free from lumps of uncrushed shale or clay, from lime, air pockets, cracks, or marked laminations. Kiln marks or surface cracks must not exceed three-sixteenths of an inch in depth. Blocks so distorted in burning that they will not lay evenly in the pavement will be rejected.

"Pavers" of the run or those proposed to be used in the pavement, shall be submitted to a test of an hour in the National Brick Manufacturers' Association, standard rattler adopted in 1911, under the conditions prescribed by that Association, and if the loss by abrasion in such tests exceeds such per cent of the original weight as is named by the bidder in his bid, then such brick or blocks will be rejected. Nor must the individual samples show a loss exceeding the said rate per cent.

The "Pavers" must also stand the following water test: After being thoroughly dried for twenty-four hours at 212 degrees Fahrenheit, and then immersed forty-eight hours in water, they must not absorb to exceed three per cent of their own weight of water.

And regardless of when and where the bricks or blocks have been inspected, the said inspection will not prevent their rejection, at any time, from the improvement.

THE LAYING OF THE BRICK

On the sand cushion the brick shall be laid on edge, close together, in straight lines from curb to opposite curb, at right angles thereto, and perpendicular to the surface of the street. Sufficient space shall be left between courses to permit the filler to flow freely to the bottom of all voids.

In laying the brick joints shall be broken by laps of not less than three (3) inches. For this purpose broken bricks may be used in starting courses and making closures, but no piece of brick is to be less than three inches long when dressed true and square.

After the blocks are laid in the pavement, it shall be thoroughly cleaned and inspected, and all soft and defective blocks removed and replaced with good ones.

Thereafter the pavement shall be rolled to a smooth and even surface with a road roller of not less than four (4) nor more than five (5) tons, weighing from 150 to 175 pounds to the lineal inch in width of roller.

Before rolling is begun, the pavement next the curb shall be firmly tamped to a true and even grade with a sixty-pound tamper; upon a three-inch plank, twelve inches wide and at least eight feet long. Such tamping is to be done elsewhere, also, if for any reason it is not practicable for the roller to operate in such place.

The process of rolling will then begin next to one of the curbs and proceed by narrow laps to the crown of the street. It will then begin at the opposite curb and work to the crown of the street in like manner.

All the rolling lengthwise of the street shall be done in this way, namely: from curb to crown. Transverse or diagonal rolling will be at the direction of the Board of Local Improvements.

BITUMINOUS FILLER

The pitch or asphalt for use as a filler shall be subject to approval by the Board of Local Improvements and shall be of such quality that its melting point shall be not less than 212 degrees Fahrenheit, and of such viscous tenacity that it will adhere to the brick at any temperature usual in the locality, and shall be poured into the voids at a temperature of not more than 250 degrees without having been heated to a temperature greater than 300 degrees, or other similar material equal thereto.

THE ENDS OF THE IMPROVEMENT

At the ends of the improvement there shall be laid a "header" course, from curb to curb, so dressed as to

conform to the cross section of proposed improvement.

Such "header" shall be a row of paving blocks, set on end, such way of the blocks as to be four (4) inches wide, and shall be backed up with a body of macadam, six feet wide, twelve inches deep at the header, and six inches deep at the outer edge.

EARTH REMOVAL

Surplus dirt or stone not used in the construction of this improvement shall be removed to such place as the Board of Local Improvements may direct without additional compensation, but such haul shall not exceed one-half mile.

All rolling shall be with a roller weighing not less than five tons and at each rolling said roller shall be passed over every part of the surface rolled not less than four times.

Sand for this improvement shall be clean, sharp sand, free from clay, loam or gravel, all of which will pass through a screen of four meshes per inch.

CLEANING UP

All rubbish or unused material due to or connected with the construction of this improvement must be removed when the paving is completed.

CURBING

A concrete curbing shall be constructed along both sides of the roadways of said street and avenues for the entire length of the improvement, except where stone or concrete curbing now exists and except across the roadways of the intersecting streets where it shall be turned at the curb lines thereof, with a radius of five feet, and extended along said curb lines to the property lines produced, of said streets and except across the roadways of existing driveway approaches and proposed driveway approaches for the adjoining property, where it shall be turned at the sides thereof, with a radius of five feet, and extended, at right angles, to the street curbs, to the adjacent sidewalk lines.

All curbing shall be constructed to grade in accordance with the grade lines herein established.

The curbing shall be twenty inches deep, eight inches thick at the base and six inches thick at the top, the batter being on the road-way face of the curb, with the back of the curb set in a vertical plane. The upper road-way edge shall be rounded to a radius of one inch.

A trench shall be excavated to a depth of six inches below the entire bottom of the curbing, twelve inches in width, on which shall be laid a foundation of sand, gravel, broken stone or cinders six inches in thickness after being compacted. This foundation shall be flooded with water and thoroughly rammed to a true and even surface.

Upon this foundation shall be set the curbing which shall be constructed so as to form one continuous and solid mass, divided every seven feet of its length into separate stones, and the concrete portion of which shall be composed of one part in bulk, of Portland cement, two parts, in bulk, of good, clean, coarse, sharp sand, and four parts, in bulk, of screened gravel of such size that the fragments shall not be larger than one and one-half inches in the greatest dimension. If sand and gravel can be found, already in said proper proportions for said concrete, the same may be used as the aggregate, and mixed in the proportion of one part of cement to five parts of the aggregate.

All cement used in the construction of said curbing shall be American Portland, dry and well seasoned and of equal or better quality than "Medusa."

The ingredients of the concrete shall be thoroughly mixed dry until the mixture shows a uniform color without streaks, then a sufficient amount of water shall be added and the whole mass shall be turned and mixed until mortar adheres to each fragment. The concrete thus mixed shall have such a consistency that when rammed the mass will not shake like jelly, but will when struck, compact within the area of the face of the rammer without displacing the material laterally.

The concrete thus prepared shall be immediately placed in the proper moulds and forms, well tamped and made compact before the cement has begun to set. No retamping of concrete will be permitted.

The exposed surface of the concrete shall be finished with a thin plastered coat, consisting of one part, in bulk, of Portland cement, and one part, in bulk, of clean, sharp sand, which finishing coat shall be put in place before the body of said curbing shall become dry.

All curbing shall be properly back filled for at least four feet back thereof, to a level with the top of

the curbing with the materials taken from the excavation. Said back-filling shall be thoroughly tamped.

The finished curbing shall be protected from the sun and wind by covering and by sprinkling with water for at least twenty-four hours after completion.

The work for which said tenders are invited is the construction of about 2185.3 cubic yards of excavation, about 5190.3 cubic yards of clean sand in cushion, about 1557.1 cubic yards of crushed stone in foundation, about 9341.2 square yards of vitrified brick or block pavement, with approved pitch or asphalt filler, about 1030 lineal feet of cement concrete curbing as provided for in Local Improvement Ordinance No. 144, Series of 1913, of the City of Dixon, Illinois.

Each bid for this work must be accompanied by certified check or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn upon some responsible bank doing business in said City of Dixon and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of said checks or cash to the successful bidder being conditioned upon his appearance within fifteen (15) days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to said Board of Local Improvements.

A bond of Seventeen Thousand (\$17,000) Dollars will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the said Board of Local Improvements. All proposals must be made on blanks which will be furnished bidders at said City Clerk's Office.

The payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is complete, and the work accepted by the Board of Local Improvements, bonds to draw interest at Five per centum. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles, and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

Specifications may be seen at the office of the City Clerk of the City of Dixon from and after this date.

The Board of Local Improvements reserves the right to reject any and all bids.

Dated at Dixon, Illinois, May 20th, A. D. 1913.

Signed, BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON.

By MARK C. KELLER,
Its Attorney.

NOTICE TO CONTRACTORS

Sealed proposals addressed to the Board of Local Improvements of the City of Dixon, Lee County, Illinois, and endorsed, proposals for the furnishing of the labor and materials for, and the construction of Vitrified Brick or Block Pavement upon and along the driveway portion of the roadway of River Street being that portion lying between the south rail of the Chicago and Northwestern Railway Company's main switch track therein located and a line extending from a point nine (9) feet north of the northwest corner of Block No. 5 of the Original Town, now City of Dixon, to a point eleven and one-half (11½) feet north of the northeast corner of said block, which said line is hereby established as the south curb line of the River Street so far as related to this improvement. The said River Street shall be paved from the west line of Hennepin Avenue to the west line of Galena Avenue.

Upon and along the roadway portion, being that portion lying between the curbs heretofore established by ordinance, of Hennepin Avenue from the north line of First Street to the south line of River Street,

Upon the whole area of Commercial Alley in the said City of Dixon between the points hereinafter designated except where permanent improvements duly authorized have been extended into said alley and where no buildings or other permanent structures, against which brick or block may be securely laid, exist along the boundaries of said alley; in which latter case a portion of the pavement, six inches wide and extending along said boundaries, shall be constructed of portland cement concrete of the kind hereinafter specified for curbing, which portion shall have a depth of not less than one foot and the same foundation as is specified for other portions of the pavement and shall be finished with a smooth top in all respects the same as hereinafter specified for the curbing to be constructed under the provisions of this ordinance and flush with the top of the finished pavement adjacent thereto.

The said Commercial Alley shall be so paved from the west line of Galena Avenue to the east line of Hennepin Avenue and from the east line of Hennepin Avenue to the east line of Peoria Avenue. And such pavement shall be extended laterally to the property lines produced at and upon the intersection space common to said street and avenue and the several streets, avenues and alleys which they intersect and properly connected with the pavement therein constructed.

Also the construction of cement concrete curbing: On the south side of River Street from the east line of Hennepin Avenue to the west line of Galena Avenue.

On the west side of Hennepin Avenue from the south line of River Street southerly to the curb already constructed.

Such curbing shall be extended at all street intersections to connect with curbs theretofore constructed or to be constructed, and be curved at alley intersections and extended to the line of the adjoining property.

In the City of Dixon, County of Lee, and State of Illinois, as provided for in Local Improvement Ordinance No. 145, Series of 1913, of said City of Dixon, Illinois, will be received by the Secretary of said Board of Local Improvements at the City Clerk's Office in the said City of Dixon, Lee County, Illinois, until two o'clock p. m., on Monday, the 2nd day of June, A. D. 1913, and will be publicly opened by the said Board of Local Improvements at a meeting to be held at the said City Clerk's Office at the said hour and the same day and at the same time and place said Board of Local Improvements will in open session examine such proposals as have been delivered to it and publicly declare the same.

SPECIFICATIONS

That the subgrade for the pavement described in Section One shall be prepared by first removing all materials found upon the roadway to be paved or filling the depressions therein to a grade 10 inches below the grade given. Such subgrade shall then be thoroughly compacted by rolling, tamping and flushing as may be necessary to produce a thoroughly compact and uniform subgrade.

Upon the subgrade so formed shall be placed a foundation of crushed stone, spread to a uniform thickness, the top of which shall be substantially six inches below the grade given. The voids in said stone foundation shall then be thoroughly filled with screenings or sand and the whole thoroughly compacted in like manner as provided for compacting the subgrade. When so compacted the surface shall be at all points substantially six inches below the grade given.

Upon the foundation so formed a sand cushion two (2) inches thick shall be spread and shaped with suitable template. Upon this sand cushion shall be laid suitable vitrified brick or block and the spaces between such bricks or blocks thoroughly filled with approved pitch or asphalt filler, the kind and quality shall be designated by the bidder in his bid, and rolled until the whole is a firm, compact roadway, conforming at all points to the grade given.

Paving Brick or Blocks. The brick must be strictly No. 1 "pavers" of the size commercially known as vitrified brick or vitrified blocks as this matter may be agreed upon between the contractor and the Board of Local Improvements.

The width of the "pavers" must not vary to exceed one-eighth of an inch. They must be made of shale, be thoroughly annealed, be tough and durable, regular in size and shape, and evenly burned. When broken, the block shall exhibit a dense, stone-like body, uniform in color throughout the inside, free from lumps of uncrushed shale or clay, from lime, air-pockets, cracks,

or market laminations. Kiln-marks or surface cracks must not exceed three-sixteenths of an inch in depth. Blocks so distorted in burning that they will not lay evenly in the pavement will be rejected.

"Pavers" of the run of those proposed to be used in the pavement shall be submitted to a test of an hour in the National Brick Manufacturers' Association, standard rattler adopted in 1911, under the conditions prescribed by that Association, and if the loss by abrasion in such tests exceeds such per cent of the original weight as is named by the bidder in his bid, then such brick or blocks will be rejected. Nor must the individual samples show a loss exceeding the said rate per cent.

The "Pavers" must also stand the following water test: After being thoroughly dried for twenty-four hours at 212 degrees Fahrenheit, and then immersed forty-eight hours in water, they must not absorb to exceed three per cent of their own weight of water.

And regardless of when and where the bricks or blocks may have been inspected, the said inspection will not prevent their rejection, at any time, from the improvement.

The Laying of the Brick.

On the sand cushion the brick shall be laid on edge, close together, in straight lines from curb to opposite curb, at right angles thereto, and perpendicular to the surface of the street. Sufficient space shall be left between courses to permit the filler to flow freely to the bottom of all voids.

In laying the brick, joints shall be broken by laps of not less than three (3) inches. For this purpose broken bricks may be used in starting courses and making closures, but no piece of brick is to be less than three inches long when dressed true and square.

After the blocks are laid in the pavement, it shall be thoroughly cleaned and inspected, and all soft and defective block removed and replaced with good ones.

Thereafter the pavement shall be rolled to a smooth and even surface with a road roller of not less than four (4) nor more than five (5) tons, weighing from 150 to 175 pounds to the lineal inch in width of roller.

Before rolling is begun, the pavement next the curb shall be firmly tamped to a true and even grade with a sixty-pound tamper; upon a three-inch plank, twelve inches wide and at least eight feet long. Such tamping is to be done elsewhere, where also, if for any reason it is not practicable for the roller to operate in such place.

The process of rolling will then begin next to one of the curbs and proceed by narrow laps to the crown of the street. It will then begin at the opposite curb and work to the crown of the street in like manner.

All the rolling lengthwise of the street shall be done in this way, namely: from curb to crown. Transverse or diagonal rolling will be at the direction of the Board of Local Improvements.

Bituminous Filler. The pitch or asphalt for use as a filler shall be subject to approval by the Board of Local Improvements and shall be of such quality that its melting point shall be not less than 212 degrees Fahrenheit, and of such viscous tenacity that it will adhere to the brick at any temperature usual in the locality and shall be poured into the voids at a temperature of not more than 250 degrees without having been heated to temperature greater than 300 degrees, or other similar material equal thereto for such purpose.

The ends of the Improvement.

At the ends of the improvement there shall be laid a "header" course from curb to curb, so dressed as to conform to the cross section of proposed amendment.

Such "header" shall be a row of paving blocks, set on end, such way of the blocks as to be four (4) inches wide, and shall be backed up with a body of macadam, six feet wide, twelve inches deep at the header, and six inches deep at the outer edge.

Earth Removal.

Surplus dirt or stone not used in the construction of this improvement shall be removed to such place as the Board of Local Improvements may direct without additional compensation, but such haul shall not exceed one-half mile.

All rolling shall be with a roller weighing not less than five tons and at each rolling said roller shall be passed over every part of the surface rolled not less than four times.

Sand for this improvement shall be clean, sharp sand free from clay, loam or gravel, all of which will pass through a screen of four meshes per inch.

Cleaning Up.

All rubbish or unused material due

to or connected with the construction of this improvement must be removed when the paving is completed.

Curbing. A concrete curbing shall be constructed along the roadways of said street and avenue for the entire length of the improvement, except where stone or concrete curbing now exists and except across the roadways of the intersecting streets where it shall be turned at the curb line thereof, with a radius of five feet, and extended along said curb lines to the property lines produced of said streets and except across the roadways of existing driveway approaches and proposed driveway approaches for the adjoining property, where it shall be turned at the sides thereof, with a radius of five feet, and extended, at right angles to the streets curbs to the adjacent sidewalk lines.

All curbing shall be set with its road-way face along the established curb lines.

All curbing shall be constructed to grade in accordance with the grade lines herein established.

The curbing shall be twenty inches deep, eight inches thick at the base and six inches thick at the top, the batter being on the road-way face of the curb with the back of the curb set in vertical plane. The upper road-way edge shall be rounded to a radius of one inch.

A trench shall be excavated to a depth of six inches below the entire bottom of the curbing, twelve inches in width, on which shall be laid a foundation of sand, gravel, broken stone or cinders six inches in thickness, after being compacted. This foundation shall be flooded with water and thoroughly rammed to a true and even surface.

Upon this foundation shall be set the curbing which shall be constructed so as to form one continuous and solid mass, divided every seven feet of its length into separate stones, and the concrete portion of which shall be composed of one part, in bulk, of portland cement, two parts, in bulk, of good, clean, coarse, sharp sand and four parts, in bulk, of screened gravel of such size that the fragments shall not be larger than one and one-half inches in the greatest dimension. If sand and gravel can be found already in said proper proportions for said concrete, the same may be used as the aggregate, and mixed in the proportion of one part of cement to five parts of the aggregate.

All cement used in the construction of said curbing shall be American Portland, dry and well seasoned and of equal or better quality than "Medusa."

The ingredients of the concrete shall be thoroughly mixed dry until the mixture shows a uniform color without streaks, then a sufficient amount of water shall be added and the whole mass shall be turned and mixed until mortar adheres to each fragment. The concrete thus mixed shall have such a consistency that when rammed the mass will not shake like jelly, but will when struck, compact within the area of the face of the rammer without displacing the material laterally.

The concrete thus prepared shall be immediately placed in the proper moulds and forms, well tamped and made compact before the cement has begun to set. No retamping of concrete will be permitted.

The exposed surface of the concrete shall be finished with a thin plastered coat, consisting of one part, in bulk, of Portland cement, and one part, in bulk, of clean, sharp sand, which finishing coat shall be put in place before the body of said curbing shall become dry.

All curbing shall be properly back filled for at least four feet back thereof to a level with the top of the curbing with the materials taken from the excavation. Said backfilling shall be thoroughly tamped.

The finished curbing shall be protected from the sun and wind by covering and by sprinkling with water for at least twenty-four hours after completion.

The work for which said tenders are invited is the construction of about 386 lineal feet of cement concrete curbing, about 1592.20 cubic yards of crushed stone in foundation, about 249.33 cubic yards of clean sand in cushion; about 4549.96 square yards of Vitrified Brick or Block Pavement (laid) with approved pitch or asphalt filler as provided for in Local Improvement Ordinance No. 145, Series of 1913, of the City of Dixon, Illinois.

Each bid for this work must be accompanied by certified check or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank

FIND WILSON'S FOES GUILTY

Seeley Davenport and Jacob Dunn

Are Convicted of Making Threats.

Newark, N. J., May 21.—Jacob

Dunn, alias "Nig" and Seeley Daven-

port, alias "Snake" the two doc-

choppers of Ford Mine, Norris coun-

ty, who were indicted by the United

States grand jury for having sent

blackmailing letters to Governor

Woodrow Wilson, demanded large

sums of gold under threats of death,

were found guilty by a jury in the

federal court in Newark. The prison-

ers were also indicted for having sent

similar letters to Postmaster Theo-

dore King, of Ledgewood and Henry

J. Miel of Dover, a wealthy merchant

who has since died and on these

counts they, too, were convicted.

Davenport was recommended to the

mercy of the jury.

SEEK SLAYER WITH HOUNDS

Troops Aid in Hunt for Assailant of

School Girl.

Pittsburgh, Pa., May 21.—Blood-

hounds are following the trails and

bands of men are searching West-

moreland county for the assailant of

fourteen-year-old Grace Johnson of

Blackburn, whose body was found

near Trafford Monday night. The

body was secreted in bushes along

a road which led from the Johnson

home to a schoolhouse.

The girl left for school Monday

morning about eight o'clock, but never

reached it.

The man hunt is being aided by

troopers of the state constabulary and

Allegheny county detectives from this

city.

SIR THOMAS' DEFI IS MET

Lipton's Challenge for Race for Amer-
ica's Cup Accepted.

London, May 21.—The New York
Yacht club cabled to the Royal Ulster
Yacht club definitely accepting Sir
Thomas Lipton's challenge for the
America's cup. The races will take
place in September, 1914. Sir Thomas
considers that the conditions of ac-
ceptance of his challenge are a great
victory for him. He says they will
enable him to build a good seaworthy boat.

The races are to be sailed under
the New York Yacht club rules of
measurement, time allowance and
racing rules, according to the under-
standing here. This means that the
conditions heretofore governing the
contests for the America's cup will be
complied with, with the provision that
it is understood that the rule requir-
ing a yacht to race at the highest lim-
it of her class in certain cases shall
not apply to this match.

Charles E. Nicholson, the famous
English yacht designer, is already
working on the plans for the chal-
lenger, which will be named Sham-
rock IV.

Baptists Hold Conference.

Detroit, Mich., May 21.—Thirty-six
states are represented at the northern
Baptist convention, which opened here
today. Missionary and educational
work, social service and the general
policies which are to govern the activi-
ties of the denomination for the com-
ing year are among the important
matters to be discussed. More than
2,500 delegates from the various
churches in the northern section of
the United States are in attendance.

ENDS DEATH FETE
TO TRY HOSPITAL

Georgia Banker, Victim of Bi-
chloride of Mercury, May
Have Chance.

CASE PUZZLES DOCTORS

Eastern Surgeon Holds That a Kidney
Might Be Transplanted, as Has
Been Done With Ani-
mals.

Macon, Ga., May 21.—B. Sanders
Walker, the young banker, who, the
physicians say, cannot live as a result
of having swallowed by mistake a bi-
chloride of mercury tablet last Thurs-
day morning, is still alive, and there
are said to be slight indications of im-
provement in his condition. Walker
had resigned himself to death, but
when he began to feel better, he said
that no matter what the doctors said
from now on he will make a fight for
life.

Mrs. Walker and the other members
of the family are also hopeful the phy-
sicians may prove false prophets.
Walker has ceased to make a festi-
val occasion of his predicted approach-
ing death, and went to a hospital,
where he is receiving the benefit of the
best medical skill.

Continues Living; Puzzles Doctors.
The doctors declare it is not from
the direct effects of the poison that
Walker will die, but from the result-
ing paralysis of the kidneys, which
will in a day or so result in his death
from uremic poisoning.

They express themselves as amazed
that this condition has not already set
in and declare that the length of time
Walker has lived is unprecedented in
their experience.

It is stated that one reason that
Walker has lingered so long and may
possibly recover is that he did not re-
tain the poison in his stomach.

It is reported that he vomited pro-
fusely soon after swallowing the tab-
let. Then the doctors came and used
the stomach pump and it is possible
that not much of the poison was left
to spread through his system.

Surgeons See Death Near.

The physicians who read a dispatch
from Baltimore to the effect that a
prominent surgeon there had said that
transplanting kidneys might save the
life of Walker, said such a course, be-
cause of the patient's condition, would
be impossible.

"There is not the slightest doubt
that Mr. Walker will die," said Dr.
M. M. Stäpler. "The poison has gone
all through his system, and is not con-
fined to the kidneys. Even if it were
only in his kidneys he would die un-
der an anesthetic."

Water is being given the patient in-
travenously. A pint of olive oil is
given him every twelve hours, and he
is kept in steaming blankets to elim-
inate acid. The kidneys are respond-
ing slowly to treatment.

Could Transplant Kidneys?

Baltimore, Md., May 21.—To trans-
plant the healthy kidneys from a man
who has just died to the body of B.
Sanders Walker, millionaire banker of
Macon, Ga., probably is the only rem-
edy that would save the unfortunate
banker's life, if the mercury tablet he
swallowed has destroyed one of his
kidneys. This was the statement of
a prominent physician who is a mem-
ber of the Johns Hopkins hospital
staff.

He pointed out that Dr. Alexis Car-
rel of the Rockefeller Institute of Re-
search has successfully transplanted
the kidneys from one dog to another,
and in a few hours the dogs were
walking and eating, as if their
organs had not been disturbed.

According to Doctor Carrel, this op-
eration could be done to the human
system, and he is the authority for
the statement that blood vessels and
other organs can be successfully trans-
planted and will continue to grow in
the human body.

BANK PRESIDENT KILLS SELF

Temporary Insanity Due to Ill Health
Given as the Cause.

Hayre de Grace, Md., May 21.—
Isaac Hecht, president of the Hayre
de Grace Banking and Trust company
and reputed to be one of the wealth-
iest of this place, committed suicide
by hanging.

Temporary insanity, due to poor
health, was given by members of the
banker's family as the reason for his
act.

Officials of the trust company de-
clared that there was absolutely noth-
ing wrong with the affairs of the in-
stitution, and they could assign no
other reason for the deed than ill
health.

Mr. Hecht was forty-eight years old
and was actively identified with
other business interests here.

LOWER POSTAGE IS SOUGHT

One Cent Rate for Letters Proposed
by Kentucky Representative.

Washington, May 21.—One cent
postage for letters after July 1, 1914,
was proposed in a resolution by Rep-
resentative Rouse of Kentucky.

Feel Earth Shock at Helena.

Helena, Mont., May 21.—A slight
earth tremor was felt here. No in-
formation was obtainable at the
weather bureau as to the probable
extent of the seismic disturbance.

BANISH FOOT MISERY
Soreness, Burning, Swelling
Disappear Over Night

Reliable druggists are selling a lot
of EZO on money back plan to people
who must have strong feet to do the
day's work.
Rub on EZO for weary, tender, aching,
burning, itching, foul smelling
feet. Get it to take out the agony from
corns and bunions. It's always ready.
Use this delightful ointment for sun-
burn, eczema, rough or itching skin
and for chafing. A jar for only 25 cents
everywhere.

ROWLAND BROS.

GOOD LAWN MOWER

You can find here any kind of a Lawn Mower you want
from \$2.50 to \$13.00. However if you have been run-
ning an ordinary kind of mower try one of our better
kinds and if you are not convinced it is well worth its
price you may have your money back.

PINEAPPLES FOR CANNING

This is pineapple week. If you wish to can pines and want them
at the lowest price, this is the week to get busy; that is what Chicago
tells us. Good sound healthy pines, 24 to a crate; that is a good fair
size at 15c each or \$1.65 per dozen. Other sizes according. This is
about the same price they have been for the last three or four years.
They also tell us that they will very likely be higher next week.
